

Construction Industry Retirement Benefit Fund: Important Notice Regarding Unclaimed Benefits

Dear Member,

The Board of Trustees ("the Board") wishes to remind members, and beneficiaries of deceased members, of the importance of ensuring that all benefits due to them are claimed and that their personal records remain up to date on the Fund's administration system.

An unclaimed benefit arises when a benefit becomes payable to a member or a beneficiary of a deceased member, but the Fund is unable to make payment because the individual cannot be traced, necessary information is outstanding, or the benefit has not been claimed.

To assist in preventing benefits from becoming unclaimed, members are encouraged to regularly review and update their:

- Contact details;
- Residential and postal addresses;
- E-mail addresses;
- Telephone numbers;
- Next-of-kin information; and
- Beneficiary nomination forms.

Members who have previously terminated employment, retired, transferred employment, or who believe they may be entitled to a benefit from the Fund are encouraged to contact the Fund to confirm whether any benefits remain outstanding.

The Board also urges beneficiaries of deceased members who may not have received communication from the Fund to come forward and provide the necessary information to enable the Fund to investigate any potential entitlement.

Keeping member information current assists the Fund in fulfilling its obligations to locate members and beneficiaries and ensures that benefits can be paid promptly when they become due.

WATCH OUT FOR SCAMS!

The FSCA offers a free unclaimed benefit search:

Retirement Funds may appoint legitimate tracing agents to trace unclaimed members.

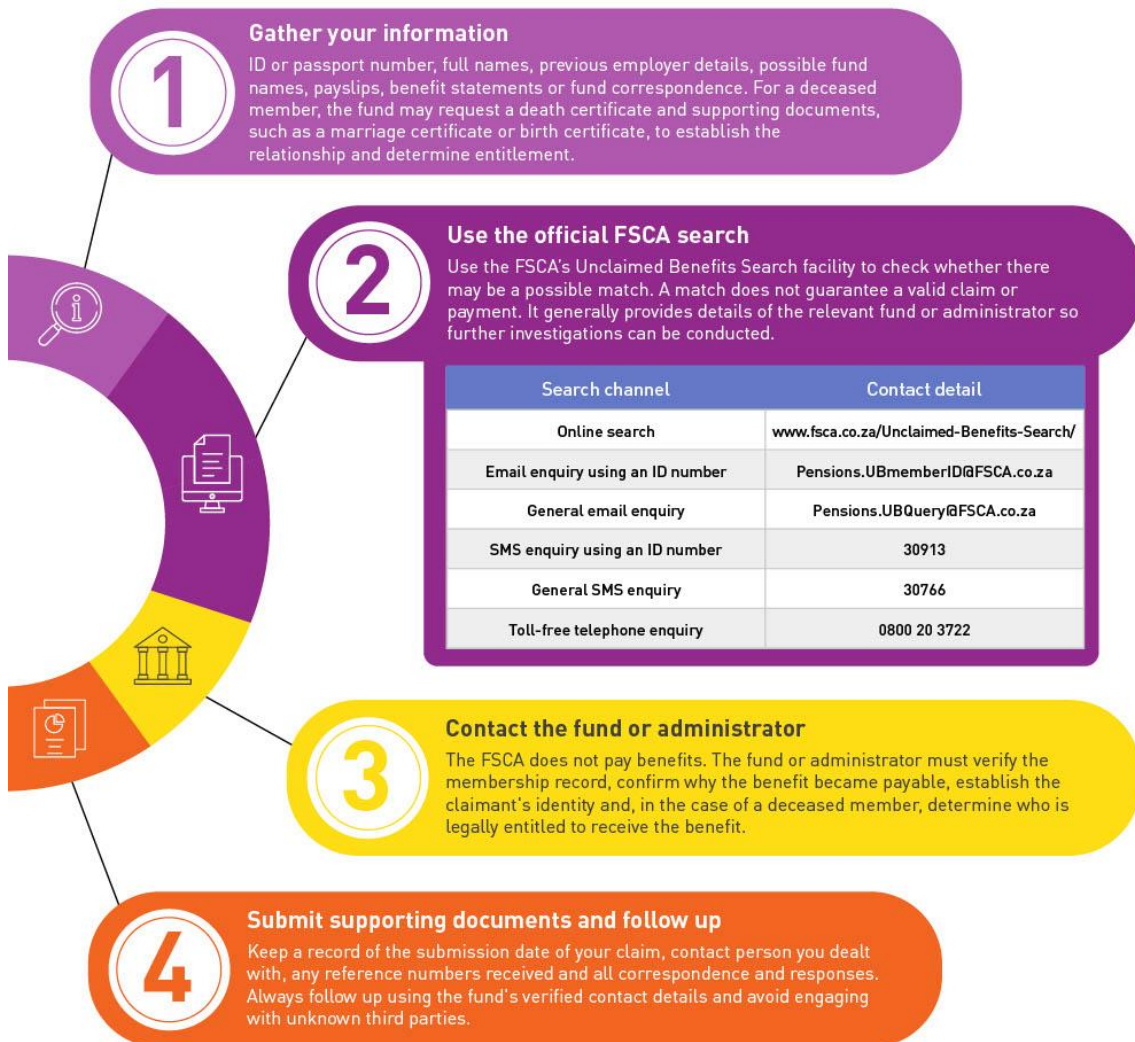

Please note that the tracing agents are paid by the Fund and not by members or beneficiaries.
